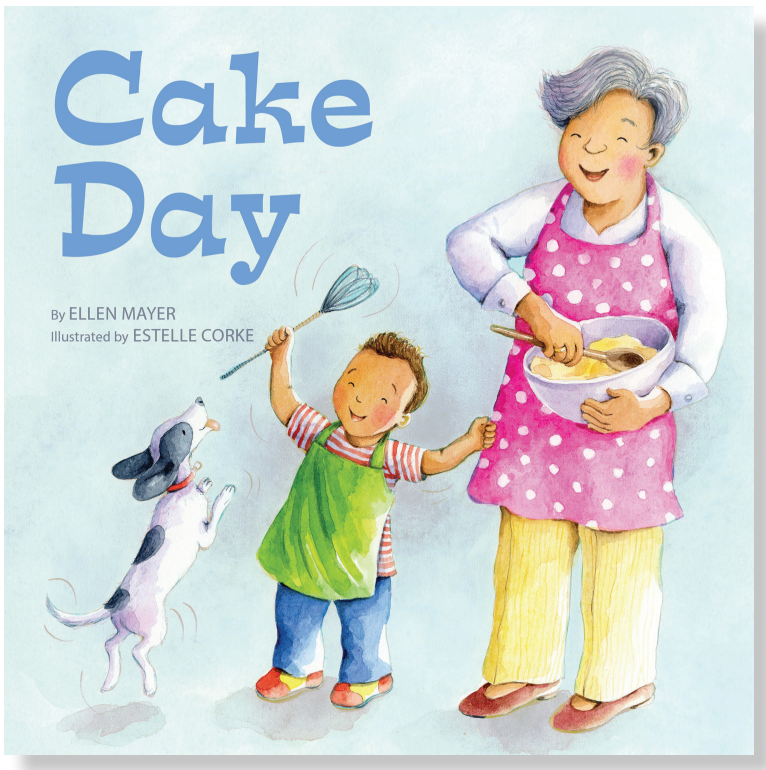
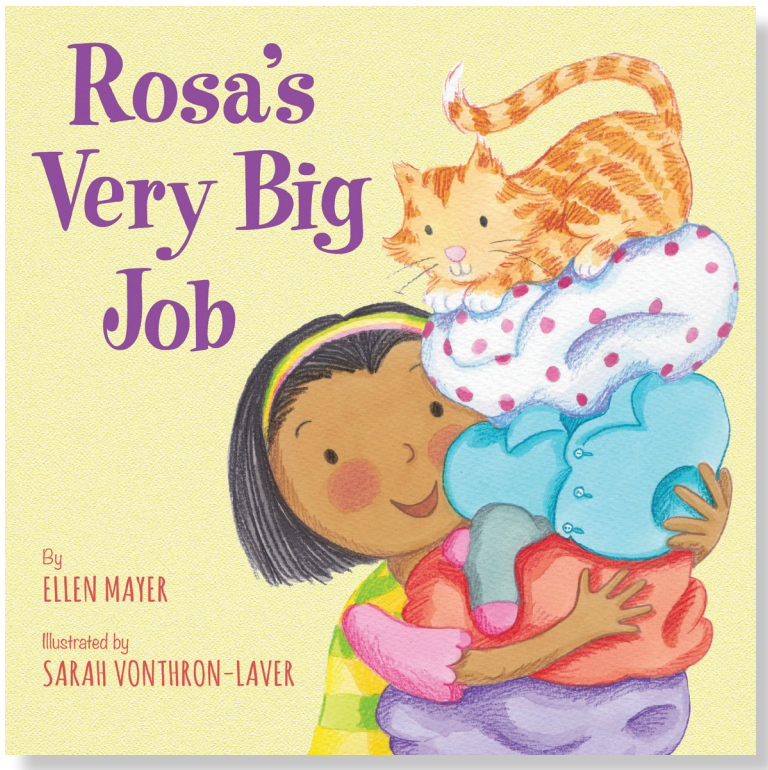
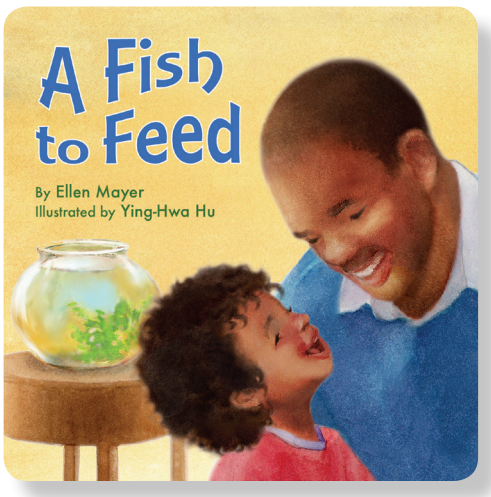
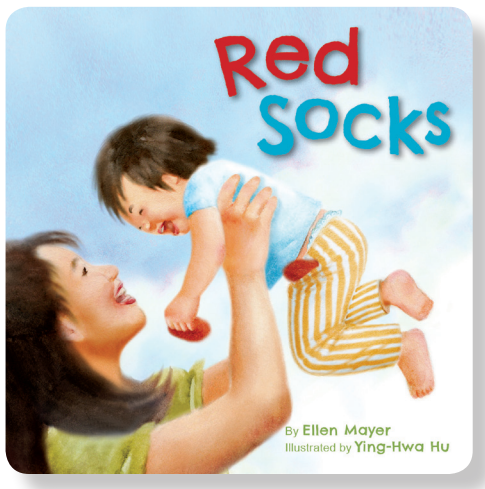
# smalltalkBOOKS®

## help your child's language grow!









- Read with your child every day.
- Name and describe items that your baby points to.
- Talk with your child about what you are doing together.
- Expand upon what your child says. If your child says "Book!" you can respond, "Do you want me to read your favorite book to you?"

**Small Talk Books® are stories designed to enrich your child's vocabulary. Visit www.starbrightbooks.com to discover these and many other outstanding children's books!**
